

Keep Luna County Beautiful and Chamber of Commerce Green Business Award

Keep Luna County Beautiful and Deming-Luna County Chamber of Commerce are challenging all businesses to go Green. Businesses will be judged by the Keep Luna County Beautiful Advisory Board before the Chambers Annual Gala. The winner will receive an award at the Chamber Gala on January 21, 2012 to display in their businesses. A Greener workplace can mean a lighter ecological footprint, a healthier and more productive place to work, and good news for the bottom line. The goal is to become creative and show interest or improvements on going Green. Going Green can include recycling, installing energy saving appliances, reuse, and anything else related to waste reduction. Please register by contacting Jessica Johnson at 575-543-6643 or jessica_johnson@lunacountynm.us to be considered for the award.
